

Thanks for participating in 21 days until 2021

# 21 to 21: DAY 17

Today, write your 2021 LOOKING FORWARD TO LIST. What are you looking forward to having in your relationships, career, personal growth, finances, community and health/fitness.

## TAKE ACTION

The power of having things you look forward to is a fundamental key to happiness. Regardless of which area of your life you are focused on having something to look forward to, it fosters a positive attitude and gives you a reason to smile. Yes, it may feel like a wish list and that's ok! No debating with yourself about this, just write it down.
