

Thanks for participating in 21 days until 2021

21 to 21: DAY 18

Today, write your 2021 TOP 10 GOAL LIST!

TAKE ACTION

The power of converting your wish list into goals takes the things you want and makes them tangible, specific and measurable. It makes them feel real. Make your goals measurable (how much – by when) because that engages your subconscious mind and gives it clarity about what requires your attention.

Your '*Looking Forward to List*' might include:

I'm looking forward to losing weight.

Your '*Goal List*' would be specific and measurable:

I will weigh 125 pounds by 5PM February 28, 2021.

If you want to be happy set a goal that commands your thoughts, liberates your energy and inspires your hopes.

-Andrew Carnegie
